## Equipment

U6 Players will be given jersey to keep. U8 - U18 players will be given jersey to wear for season and it must be returned at end of season cleaned and washed

All players are required to wear black shorts and black socks.

(Per Rules: players required to wear matching socks and shorts).

**Shin pads are mandatory for all players** and **MUST** be worn under socks.

Players will not be allowed to participate in practices or games without them.

Players are not permitted to wear pants during games unless referee permits.

All players should have their own labelled water bottle.

\$75 Jersey deposit will be returned once player returns jersey cleaned and washed.

**Please remember to wash your child's jersey and other equipment regularly**

## Jewellery

- **Jewellery (earrings, necklaces, etc.) is not allowed when playing soccer.**
- Medical-Alert jewellery or clothing required by the player's religion may be worn only if the referee deems that it is safe and does not give the player an unfair advantage. Medical-Alert jewellery can normally be made safe by wrapping it with tape, with the necessary information showing.
- A player refusing to remove any type of jewellery at the request of the referee (including all external body piercings) will not be permitted to play.

## Head-Covering "Hijab"

The wearing of sports-type hijabs will be permitted upon a satisfactory pre-game inspection by the referee, as mandated by FIFA Law 4, which states all items of clothing or equipment other than the basic equipment must be inspected by the referee and determined to be safe. The wearing of other forms of the Hijab will also be permitted at the discretion of the referee, but only after a pre-game determination that the Hijab does not pose a danger to the wearer or any other player.

## Volunteer Participation

ESESA runs almost exclusively on volunteers. This gets people involved and connected while helping to keep costs down. It is mandatory for each family to volunteer 4-6 hours during the season to help run things. When you are called by a volunteer coordinator or a soccer director and asked to donate some hours, please make every attempt to fulfil them. If you are unwilling or unable to meet this commitment, your \$150 cheque will be cashed.

## Teams

ESESA places its emphasis on building and developing solid, recurrent team cores. Teams are named according to the **coach's home community**, and there is **no guarantee** that players will be placed on teams bearing the name of their home community. Furthermore, there is no guarantee that practices will take place in the community after which a team is named.

## Age Movement

"Age movement" permanently places a player in a different age category and is accepted only in **rare** circumstances. Moving players out of their age category is neither encouraged nor condoned by the ESESA board.

Downward Movement - A player may be moved to a lower age category due to mental or physical limitations. Downward movement can only be approved by the EMSA Board. All requests of this nature require a physician's letter and must be submitted to ESESA for submission to the EMSA Board for a ruling.

Upward Movement – A player may be moved up an age category by the ESESA Board. These moves are made primarily to help provide players for a smaller team at a higher age category or to create room on a lower age category team over player maximums.

## Being a Trialist (U12+)

"Trialists" are players that are "loaned" by one team to play on a team at a higher age category or tier. **ESESA strongly encourages the use of Trialists** because it benefits the player, his or her team, the receiving team, and our program.

ESESA coaches do not "own" their players and are responsible to advance each player's ability. Occasionally, when teams are short-handed or want to try out promising players from other teams, they **may** ask for players from other teams (at a lower age category or tier). This is done on a game-by-game basis, to a **maximum of five league games**.

If your child is asked to be a Trialist, consider it a compliment that will allow them the great opportunity to play at a more demanding or competitive skill level.

## Special Preferences Requests

Player requests, such as, playing with friends, on a specific team, or to have or not have a certain coach must be listed on player registration. While Community Directors and ESESA attempt to meet all player requests, there are no guarantees that all requests for player placement can be granted.

## Rules of the Game

Coaches are responsible for the conduct of their spectators.

Complete rules for indoor soccer can be found on the following websites:

- Edmonton Minor Soccer Association—[www.emsagain.com](http://www.emsagain.com)
- Alberta Soccer Association—[www.albertasoccer.com](http://www.albertasoccer.com)

## Respect Your Referees

- Referee abuse and harassment by spectators, players, or coaches **will not be tolerated!**
- Game officials (i.e., referees) are critical to the sport of soccer, and without them there would be no game.
- Please treat them with respect and recognize that they, too, are learning and improving with experience. Anyone found guilty of harassing game officials will be disciplined and may be barred from games.

## Referee Liaison

It is mandatory for every team to provide a referee liaison for every league game. The liaison may be a different person each game and can be anyone with the exception of the coach or assistant coach.

**The name of the referee liaison must be noted in the area provided on the game sheet.** The team has a 15-minute grace period to provide a referee liaison; otherwise it will be a default game.

The main role of the **referee liaison** for each team is to act as a deterrent to possible acts of misbehaviour by spectators or team officials. The **referee liaison** will also be available to the referee should the referee so request or should a potential problem exist.

## Dispute Resolution

In the case of disputes between you and your child's coach or other team officials, please handle them with dignity and serve as a good role model to your child and others. If your effort to correct the situation directly with the coach or team officials fails, please relay your concern to your community soccer director. If you are still not satisfied, please contact the ESESA administrator.

## ESESA Chain of Command

If you are having a problem with a coach/player/team/director, please follow the proper chain of command as outlined below:

**Parent/Player → Team Coach/Manager → Community Director → ESESA Board**

## The 24-Hour Rule

There are a variety of situations in which individuals may become upset or frustrated. The purpose of this rule is to delay your communication until you have calmed down to reduce the chance for an emotional over-reaction and increase the opportunity to think about the situation more rationally.

Waiting 24 hours will increase the probability that you can more clearly communicate your issue with a cool head.

## **ESESA Coaches Code of Ethics**

As coaches in the ESESA our main objective is to develop young soccer players in a fun and safe environment. Every coach to the best of their ability should strive to create this environment for all practices and games. In addition, the ESESA expects that coaches will abide by the following ethics:

### **Every Player Gets to Play Equally**

- This may vary from game to game due to different levels of physical fitness and number of players
- By the end of the season you should be able to say that all players were played for an equal amount of time
- In order for players to develop they need more touches on the ball. To get more touches on the ball, they need more time in the game.

### **Play Players in a Variety of Positions**

This means that every player gets to experience every different position throughout the season. (with the exception of goalie – players that are fearful to play in goal should not have to)  
Our goal is to build better players for the future and not necessarily a better team right now.

### **Our Opponents Are Worthy of Being Treated with Respect**

In both victory and defeat the behavior of a coach shall model grace, dignity, and composure and expect their players to do so likewise. This includes **AVOIDING THE BLOWOUT**:

When the goal differential of the game reaches five goals the coach of the team leading the match will make every attempt to do the following until the goal differential is less than four:

- Move current offensive players to their defensive portion of the field.
- Place only players who have not scored a goal in the offensive portion of the field.
- Don't shoot on goals until every player on your team has touched the ball without the opponent touching the ball.
- Encourage your players to only use their weaker leg
- Play keep away

### **Coaches Treat Officials with Respect and Dignity, and Teach Their Players to Do the Same**

- Most of our officials at the U6-U12 level are kids themselves.
- Although you may think you are helping the referee by offering pointers and advice, our referees actually find it intimidating. Please refrain from interacting with our young officials during the game.

## **STORM Premier Soccer Club**

The STORM Soccer Program fields U8 - 18 Premier Teams with players aged 7-18 years old to play in Tier II & III of the competitive Premier A & B Division of the Edmonton Minor Soccer Association (EMSA). Our dedicated STORM Family is committed to helping each player advance their soccer skills, and passion for soccer through our focus on player development, technical training, sportsmanship, and teamwork.
